

Are you seen as...

- *Difficult to reach*
- *Unable to take care of your clients' needs*
- *An unstaffed operation*

or... are you able to communicate to your client that while you may not be readily available, they ARE important to you and you ARE capable of taking care of their needs?

Our goal at BEC is to partner with local businesses by sharing our center's professional resources of staff, services, systems and space without losing a personal connection to their customers. BEC strives to achieve higher productivity for its partners and enhance existing resources while creating an impression of a permanent future without the expense of ownership. "Ultimately our goal is to help customers reach their goals."

YOUR BUSINESS SOLUTION CENTER

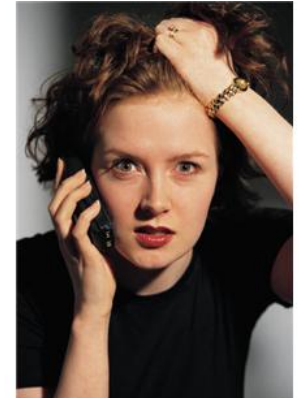

Can't afford staff??

.... share ours for a fraction of the cost.

Let us show you how to create the Perception of a Fortune 500 Company on a disciplined budget.

Who is answering your phone when you are already on it?

What is the first impression of your company with your current phone system?

What kind of message are you sending?

Perception is everything

How you relate to your clients is often the largest determining factor in whether or not a prospective client chooses to do business with your company over your competition.

BEC provides an impression of a permanent future without the expense of ownership.

Where else could you:

- Acquire or rent a full-time staff or live-answer receptionist for as little as **\$100** per month?
- Obtain a digital virtual secretary customized to your business for as little as **\$50** per month.
- Avoid the expense of additional staff, phones, or software required.
